

[Title] sweet Candy Life

[A] The sweet my life. The sweet everything. The sweet selfish. I want everything.
Rolling it back and forth It's the kind of thing that melts away on my tongue

[B] A morning of coin tosses and praying to the gods
I'll pretend to be confused and just go with the flow I guess I can always just shrug it off

【Chorus】 a Mind a Mind a Mind sweet life
Life is surely just a monkey's imitation, A night like a false dream, isn't it?
a Mind a Mind a Mind my life A melody that doesn't resonate
I'll keep screaming it over and over
Oh!! Oh!! Give me candy life! Give me sweet life.
Oh!! Oh!! Oh!! My heart can't be bound by aesthetics

[Rap] You should bet it all You understand it?
Super-sweet doping for you, who goes at your own pace It won't show up in the mirror anyway
That slightly dirty girl is left behind Forever innocent, best smiling
My lips are a monster that changes with my mood
If I spread my wings in the clear blue sky and scatter candy
It's a miraculous melody that melts away on my tongue

【B-2】 A morning of coin tosses and praying to the gods
I'll pretend to be confused but decide on a whim—that's the feeling Why not just embrace it?

【Chorus】 a Mind a Mind a Mind sweet life
Life is surely just a monkey's imitation, A night like a false dream, isn't it?
a Mind a Mind a Mind my life A melody that doesn't resonate
I'll keep screaming it over and over
Oh!! Oh!! Give me candy life! Give me sweet life.
Oh!! Oh!! Oh!! My heart can't be bound by aesthetics

[C Melody] It's show time! Lick up all the candy—these feelings won't be wrapped up
very a mind a mind a Mind my life.
Ecstasy, sweet Infinite limits and controlled freedom—it's all up to you

[Chorus] Sweet, sweet, sweet a Mind my life!

After all, life is just monkey business and a false dream—even if it's just one night

Sweet, sweet, sweet a Mind my life!

A melody that doesn't resonate—no matter how many times, so high, I'll keep screaming

Oh!! Oh!! Oh!! Give me candy life! Give me sweet life.

Oh!! Oh!! Oh!! Aesthetics can't bind my heart!

Give me candy—so I don't have to chew it forever

Keep it warm, my heart

Hold me tight, my heart
